ABOUT OUR COMPANY

Since 1980, Corning Data Services Inc.[®] (CDS) has remained constant in delivering excellence because we partner with the industry's very best. And after twenty-eight years of delivering the right solutions, our Experience Matters.

CDS delivers total hardware and software solutions with a fundamentally superior implementation philosophy. Our proven approach empowers our customers to leverage their new technology sooner and more effectively, with more control over their system, driving down the cost of implementation.

Corning Data Services offers a complete line of Ricoh/ IBM InfoPrint Printers, Software, and Services to meet our customer's output requirements:

- Impact printers with speeds ranging from 400LPM to 2400LPM
- Workgroup printers with speeds ranging from 20PPM to 50PPM
- Production cutsheet printers with speeds ranging from 90PPM to 156PPM

InfoPrint Solutions software provides the tools to manage your output and provide an easy to use platform for your users.

Corning Data Services is uniquely focused on the total cost of printing-scanning, faxing, copying, and printing. This analysis provides you with the most productive and cost effective solution to meet your total output requirements.
